SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS.

THE sole head of a family, or any male over 18 years of age who was at the commencement of the present war, and has since continued to be, a British subject or a subject of an allied or neutral country, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at Dominion Lands Agency or sub-Agency for District. Entry by proxy may be made on certain conditions. Dates—Six months residence upon and cultivation of land in each of three years.

In certain districts a homesteader may secure an adjoining quarter section as pre-emption. Price \$3.00 per acre. Duties—Reside six months in each of three years after purchase of homesteaded patent and cultivate 50 acres extra. May obtain pre-emption patent as soon as homesteaded patent on certain conditions.

A settler after obtaining his homesteaded patent, if he cannot secure a pre-emption, may take a purchased homesteaded in certain districts. Price \$3.00 per acre. Must reside six months in each of three years, cultivate 50 acres, and erect a house worth \$200.00.

Holders of entries may count time of employment as farm laborers in Canada during 1917, as residence duties under certain conditions.

When Dominion Lands are advertised or posted for entry, returned soldiers who have served overseas and have been honorably discharged receive one day priority in applying for entry. Local Agents' Office (not sub-Agency). Discharge papers must be presented to Agent.

W. W. GORY, Deputy Minister of the Interior. N.B.—Unauthorized publication of this advertisement will not be paid for.

BRITISH YIELDING GROUND IN FACE OF FIERCE OFFENSIVE

ARMENIENNES EVACUATED WHEN IT BECAME UNTENABLE

COMPLETELY REPULSED.

London, April 11.—About 10 o'clock this morning the Germans launched a formidable attack against the Belgian town of Holbeke, says a Reuters dispatch from British headquarters. They came forward in massed waves which were completely repulsed, with terrible execution.

With the British Armies in France, April 11.—The Germans have reached the neighborhood of Steenwerck (four and a half miles west of Arras) and two miles north of the river. It is reported, as this is called. The enemy is also reported to have reached the edge of Estaires (four and a half miles south and west of Steenwerck) and to be in the eastern half of Ploegsteert Wood, just outside the ruins of the villages of Messines and Wytschaete.

This dispatch, together with Haig's official report, may indicate the British in abandoning Arras, retired at least three miles behind the city. Lines from Steenwerck to Ploegsteert Wood would pass that distance northwest of Arras. There is a possibility, however, that instead of straightening their line, the Germans are still held a short distance from Arras, and that the retreat continues there, however less acute.

WERE DRIVEN OUT.

At 4 o'clock this morning German artillery began shelling Martinstadt and Engelmere. On Wednesday night, conflict throughout the night. A new salient from north of St. Maur Bridgehead to Vanquast enlarged the enemy's gains. They occupied Lacleche, Nieppe, Ploegsteert, Messines and Wytschaete, but the British counter attacked heavily, driving them out of the Lacleche, Nieppe, Messines and Wytschaete, and retaking the west half of Ploegsteert. Around Messines and Wytschaete the fighting yesterday was particularly heavy. These places were taken and retaken several times in hand-to-hand struggles. Steenwerck and Lacleche were scenes of similar fighting. On the southern part of the battlefield fighting was desultory.

IN NARROW POCKET.

With the British Army in France and Belgium, April 11.—The heavy enemy attacks on the south of Arras yesterday resulted in the advance of the German positions until the town was in a deep and narrow pocket, the mouth of which was on the line drawn approximately north and south through Steenwerck.

The Germans attacked north of Arras yesterday morning, after two hours of intense bombardment. They advanced under cover of a heavy fog, and the opposing forces were at quarters before the fighting was begun. The attacks were pressed as far north as Holbeke, where the enemy made slight gains.

AFTER MESSINES.

The Germans are particularly zealous of capturing Messines Ridge and Wytschaete and pressed their attacks there hard throughout the day. A sanguinary fighting occurred at these places, the tide of battle surging back and forth for many hours before the enemy finally abandoned temporarily his attempts here.

Coincident with the attack north of Arras the enemy continued to push northward toward Croix du Bac, below Arras, in order to complete the pocketing of the latter city.

Hard fighting occurred yesterday about Estaires and at one time the Germans had a footing in the southern edge of the city. The battle here is still continuing.

The enemy attack was active in the Somme region this morning.

TEST YOUR COWS

To the dairy farmers of Alberta.—The dairy division of the department of agriculture, Ottawa, in response to urgent demands, have decided to introduce the cow testing work into Alberta, and have appointed a supervisor for the work in this province, whose duties will be to meet the butter and cheese workers and encourage them to take up the matter with their patrons, and endeavor to have as many dairy farmers as possible in each factory district take up the work of herd record keeping. These factory men who are to assist the farmers will be paid 10c per sample and the acid furnished by the department.

In no line of agricultural work in Canada is there a greater opportunity to increase production than there is in the improvement of the dairy herds. The average yield of milk per cow in Canada is only about 4300 pounds per annum. Compare that with the record of over 25,000 pounds of milk in a year and herd records averaging 10,000 pounds for each cow, and the great possibilities for improvement are at once apparent. The keeping of herd records, commonly known as "cow testing," is the safest and surest basis for intelligent breeding and selection. Proper feeding, results in an improvement in production that makes the difference between general average yield and those which are top cows. It is believed that the factory men will be glad to co-operate in this work and we also hope that the farmers will take up this important work with a supervisor, Red Deer, Alta. 240.

VIMY RIDGE IS AGAIN PRIZE OF FIERCE STRIFE

CANADIANS DARE GERMANS TO MAKE FRONTAL ATTACK—ENEMY TRIES TO OUTFLANK POSITION.

Canadian Army Headquarters, April 10.—Folled in their attempt to outflank Vimy Ridge in the south, the Germans are now attempting the same manoeuvre from the north by Bethune. The anniversary of the date that saw Canada victorious in winning back so much of these coal lands of Vimy Ridge has been known again. Canada, with its hard won Vimy Ridge behind it waits for Germany to dare a frontal attack.

Yesterday afternoon and evening this morning our guns have answered those of the enemy. Throughout the area from the Scarps to Souchez little villages have been known the blood price of battle. Women and children have been driven from their homes. Death has visited many War broke over the ridge.

From Lens to Arras rain is being added to rain. Smoky by day, rimmed by fire at night, our old battle grounds are alive to battle again. Constant crumpling of shells in Arras, Lévén, Acqueroles, and other big and little centres, is answered by the roar of our guns, sweeping the enemy front, assembly and rear areas.

Our men wait in trenches without fear of the future. Everywhere there is confidence in the knowledge that if the enemy attacks our heights his price for that attack will be terrible.

The temper of our forces is magnificent. It found repeated expression yesterday. At one point two Canadian parties raided railway lines. The first advancing after artillery barrage, found the enemy outpost line deserted. It pushed up to the front line with no better success, only two of the enemy being killed. They retreated and were killed. The other party, in a stealthy raid found the enemy in some strength and killed five and captured one. Late in the afternoon the Canadians took three more prisoners.

Early this morning under the cover of an artillery barrage, two more shells were carried out against the enemy. One raiding party had luck, but the other, 25 strong, took no fewer than ten prisoners.

HALF A BILLION FOR WAR NEEDS BEFORE HOUSE.

Resolution Providing For Immense Fund Passed Without Discussion.

Ottawa, Ont., April 6.—Debate on the Currie motion dragged through the night until it finally expired at 4:45 this morning. There were speeches by D. L. Redman, Calgary East; Capt. Reid, of Prince Edward Island; H. B. Morris, of North York; J. A. Archambault, of Champlain-Verchères; C. A. Fournier, of Bellechasse and Thomas Vien, of Lethbridge. Finally Col. Currie withdrew his motion and the debate was at an end.

The house then went into committee and in a couple of minutes passed a resolution to provide \$500,000,000 for war purposes. There was no discussion on the resolution. Dr. Reid, on behalf of the government, announced that by arrangement made between the prime minister and the leader of the opposition all information on the vote would be available on second reading of the bill.

A bill based on the resolution was then given first reading and the house adjourned.

CONVENIENT ARRANGEMENT FOR MARSHALL

MINISTER OF AGRICULTURE TRAVELLED WITH BUYERS FOR THE GOVERNMENT

BOUGHT CATTLE FOR HIS OWN PURPOSES.

Edmonton, April 9.—Interesting details of the buying of cattle for demonstration farms of the provinces by employees of the department of agriculture, and the buying of cattle for Hon. Duncan Marshall, minister of agriculture, by himself, on trips to the east, when the minister and employees set out together, were brought out in the Public Accounts Committee this morning.

George Carlyle, superintendent of demonstration farms under the supervision of A. F. Ewing, West Edmonton, and James Weir, Nanton, admitted that on one trip in December, 1916, a total of nine different places, mostly in Ontario, were visited by himself, Hon. Duncan Marshall, and H. A. Craig, deputy minister of the department of agriculture. On this particular trip seven head of cattle were purchased for the department by Messrs Carlyle, while eight head were bought by Mr. Marshall for himself. The purchases were not from the same stock breeders, however, at that time.

ANOTHER INSTANCE.

A. E. Myer, superintendent of the schools of agriculture, also testified concerning another trip he made with Mr. Marshall in 1916, when Myer inspected cattle with a view to purchasing for the department while Mr. Marshall bought two bulls for his part at one point and at another place purchased two bulls and a heifer for himself. Sometimes the two happened to be together at the same place inspecting cattle for the purpose of purchasing and sometimes they went alone to different places. On all occasions, however, Mr. Myer testified that he never personally bought any cattle for any person or persons other than for the government farms.

SOME RAILWAY FIGURES

Mr. Ewing also questioned Norman L. Harvey, temporary deputy minister of railways and telegraphs, and Mr. Douglas, an engineer in the department, as to expenditures and estimates on the Lacombe and Blindman River Railway from Lacombe to Bentley. Mr. Douglas produced two rough estimates of construction on this line, but could not give any exact date as to when the estimates were made. One of them was for \$63,000 and a later one put the estimated cost at \$49,000.

The questioning of the witnesses developed that the expenditures had totaled \$115,151.16, of which \$70,000 was the amount borrowed from "a private source" and the balance was made up of two items of \$42,173.20 and \$3,977.96 from general revenue. There was considerable argument over the actual ownership of a quantity of steel not yet used on the line which the department estimates to be valuable.

THE MEN WHO CAME BACK

By Sergt. Reginald Grant.
1st Division Canadian Field Artillery.

Since the world began, I don't suppose there was ever a scene of such awful beauty, mingled with the terror and suffering of men and horses; a burning Vesuvius made beautiful with the radiant colours of a thousand rainbows; such was the work of a single German shell which struck one of our ammunition dumps containing about 50,000 rounds of shells and other explosives, such as rifle grenades, Mills bombs, French mortar bombs, aerial torpedoes, high explosives, and other shells.

A fire started that fattered strength every second, for all the world like a prairie fire, and the scene effect was that of a exhibition fireworks exhibition. Destruction and death were hurled in every direction with a hissing, crashing, and roaring that beggars description.

One of my mates, Downey, and I were taking a piston rod and a part of a buffer to our position up forward. We were on horseback, and were getting into La Boisselle Valley on the Somme when the Hun shell began its work. We hastily dismounted, tying our horses to the barbed wire iron pickets on the side of the road. We rushed over with a lot of men, mostly wagon drivers whose wagons were stalled on the road in the confusion to save what ammunition we could.

In the first rush toward the pile an explosion snuffed out the lives of thirty or forty men, many of them the rest of us off our feet like so many nine pins, and killing several of the horses on the road. To add to the indignity of the scene, the German horses stampeded, racing blindly into barbed wire entanglements.

The reflection of the fire from the explosion was quickly observed by Fritz. In short order he had his air planes hovering over, dropping their bombs whenever we were seen trying to save a part of our precious ammunition of ammunition. In spite of the effects of that first shell and Fritz overhead endeavoring to complete his work of destruction, we managed to save about 10,000 rounds out of that entire dump. It took nerve and a cool head to keep to the main issue, and "carry on" at the edge of that death-trodden loss upon us.

With our horses stampeding and screaming like wild things, our men dying, and our relatives burning in every conceivable direction with a thousand different roars, the scene cannot be pictured. For a distance of two miles the section of the sky extended, the rockets themselves being visible for ten miles.

GENERAL MORATORIUM FOR ALL MORTGAGORS.

Legislation to be introduced in Alberta This Session Will Give Protection To Debtors.

A general moratorium so far as mortgages are concerned is provided for in the bill standing in the legislature for second reading in the name of Hon. J. R. Boyle, entitled "The Mortgages and Purchasers Act." It embodies the principle of the Ontario legislation and is a corollary of the bill also standing in the name of the minister of education amending the Volunteers and Reservists Act, which restricts the application of this relief to members of the forces on actual active service.

The act will prevent foreclosure and sale of land for default in payment of principal in the case of a mortgage or agreement of sale so long as the interest, taxes, and other obligations are met by the mortgagor. Before foreclosure for default of payment of interest or compliance with other covenants can be taken where the land is inside a town or city, leave of a court will have to be obtained and the judge will be at liberty to use his own discretion as to what shall be done in the circumstances.

The Volunteers and Reservists Act is being amended by striking out the words "and making the legislation apply only to those members of the Canadian or Imperial forces who are on active service either with the army or the navy or women engaged in various war capacities."

The militia, home guards, and any forces used inside of Canada will be excluded from the operation of this legislation.

SEDITION BILL PASSES U.S. SENATE

Washington, April 11.—The sedition bill, prohibiting under penalties of 20 years' imprisonment and \$10,000 fine for language or acts of disloyalty or obstruction of the army, draft and Liberty loans, was passed yesterday by the Senate without a record vote. It now goes to conference between the house and senate and final enactment is expected soon.

BOLO PASHA HAS NO DOUBT ABOUT HIS FINAL FATE.

Revelations Which He is Making Are Being Kept Private by Authorities.

Paris, April 11.—Bolo Pasha, condemned to death for treason, but granted a reprieve of indefinite duration on his plea that he had important revelations to make to the military judicial authorities, enters no doubt as to what his ultimate fate will be, according to the Petit Journal. It quotes him as saying to his keeper on Monday:

"I will go to Vincennes, but others will surely follow."

It is at Vincennes that French military executions take place.

Bolo is continuing his revelations, but the utmost silence is preserved in official circles as to their trend. He will be heard again today, which is expected to conclude his hearings. The newspaper La Victoire does not take the view that the prisoner's situation is imminent. Whatever importance may be attached to Bolo's last hour confession, it says, one result is certain, which is that several days will elapse before his execution, as the things which he reveals will have to be investigated and corroborated or disproved, "and the why Bolo has doubtless gained an indefinite postponement."

SOLDIERS EXEMPTED FROM TAXATION BY THIS NEW LAW

NEW PATRIOTIC ACT HAS JUST BEEN PRESENTED TO THE HOUSE.

Edmonton, April 9.—The new Patriotic Act exempting the property of soldiers from taxation has just been presented to the members of the house. It defines soldiers as any person, "male or female," in actual service in the active military or naval forces of Canada for serving outside Canada in the present war, members of the armed forces of His Majesty, raised overseas and by the government of Canada, or Canadians in the military or naval forces of any of the Allies.

Some property is to consist of not more than four contiguous lots if in a city, town or village, or not more than 320 acres outside such localities, listed on a home property register kept by the municipality, and it must have been at the time of enlistment occupied by a soldier or his wife or any of his dependants or descendants dependent upon him for support.

Section 3 provides that "no soldier shall become at any time liable in respect of home property and the payment of any tax which, when it first falls due or would but for this act fall due after December 31st, 1917, and from himself while a soldier."

MAY SELECT LAND.

Where land would be home property for the fact that it is of greater extent than 320 acres, the soldier may select the 320 acres to be exempted by notifying the municipality prior to the first day of May in each year; if any soldier cannot claim as home property any land to the full extent allowed by the act, then he may claim on land which his wife, if she were a soldier, could claim exemption up to the extent of four contiguous lots or 320 acres.

If such exempted land has not been listed a soldier may obtain the remission of tax levied upon it through himself or his wife, secondants or descendants dependent upon him.

The exemption continues for one year after discharge of the soldier, or one year after the end of the war. The exemption also applies to dependants for one year after the death of a soldier entitled to it.

The chief executive officer of a municipality shall be the judge in disputes, the decision in writing to be conclusive proof.

Municipalities are given power to remit in whole or in part any or every tax or arrears thereof in respect of any property whatsoever of a soldier. The same power is conferred on the lieutenant governor in council.

While section 3 exempts the soldier and his dependants from "any" tax on their property, section 14 specifically exempts such property from the supplementary revenue tax or any part of it.

VETERANS' OFFER TO RAISE AN OVERSEAS DRAFT ACCEPTED.

Calgary, April 12.—According to an official announcement at military headquarters this morning, the offer of the Army and Navy Veterans in Canada to raise a company or draft for overseas service has been accepted. It is proposed to raise a company of 250 men for railway construction work in military districts 10, 11, 12, and 13, and the unit will be mobilized at Windsor before proceeding overseas. Men up to 50 years of age, with previous military experience and physically fit will be accepted.

SPAIN ALMOST FELL INTO ANARCHY

WHEN SITUATION BECAME DESPERATE AT THE END OF THE REIGN IN HIS OWN HANDS.

Paris, April 11.—How Spain last month barely missed falling into a state of anarchy and how King Alfonso, taking the reins into his own hands brought the conflicting political leaders under his domination and saved the situation, is told in a delayed letter from Madrid received by Le Matin. "The height of the crisis was on March 21," the letter says, "when the situation appeared to be desperate and the king took hold of the parliament. He summoned the leaders of all parties to the palace where each statesman, thinking he had been summoned privately, was surprised to find himself in company with all his rivals."

"At the same time the Captain General of Madrid arrived and declared to the king, 'Sire, you may be tranquil. If you are unable to form a ministry with these gentlemen of the Cortes the army will form one for you tomorrow.'"

"Immediately on opening the conference King Alfonso said: 'This is no longer a question of days or hours, it is a question of minutes. If nothing comes from this conference the Royal family will leave the soil of Spain. As for me, I shall remain at my post, so long as a battle remains faithful to me to defend Spain, its constitution and its dynasty.'"

"On the following day when the announcement made that a coalition cabinet had been formed at the behest of the king, crowds gathered before the palace and obliged the monarch to show himself to acknowledge their delicious ovations. The day of March 22 was a day of joy in Madrid."

"King Alfonso, who a few days before he had appeared to be at the point of breaking with his people, traversed the streets of the capital in an open carriage, shaking hands extended from all sides and acknowledging cheers from constantly growing crowds."

1275 NEW SHIPS ADDED TO U.S. NAVY.

Increase Since Declaration of War Aggregates 1,055,116 Tons, Says Secretary.

Chicago, April 11.—Since April 6, 1917, the day on which war was declared against Germany, there have been added to the United States navy 1,275 vessels, aggregating 1,055,116 tons, Secretary of the Navy (Lansdale) declared, in an address before the National Chamber of Commerce.

"In addition to the battle cruisers, dreadnaughts and scout cruisers authorized, some building and others deferred temporarily for the more pressing construction of ships to transport soldiers and munitions and supplies," he said, "we are now building what is technically known as smaller craft from 65 to 1,215 tons each, 794 vessels, with an aggregate tonnage of 126,217."

CONSCRIPTION FOR NEWFOUNDLAND.

St. John's, Newfoundland, April 11. A special session of the Colonial legislature for April 23 to enact measures for the colony's naval and military forces was called today by the cabinet. The possibility of introducing some form of selective service has been under consideration here for some time. It was proposed also to further extend the life of the present parliament.

NOTICE. VACANT LOT GARDENS.

The Vacant Lot Garden Committee requests that all persons having any vacant lots, that would be suitable for garden purposes, would forward a list of these lots to this committee, as we hope to be able to have all lots cultivated.

Any person wishing to secure land for cultivation may obtain same by applying to any of the Committee, as we have a number of vacant lots, and considerable acreage which the owners will be pleased to have cultivated.

Fight with Food

A Call to the Whole Dominion for the Utmost Effort to Produce Food for our Soldiers and Allies

OUR ALLIES are desperately short of food. In the midst of plenty ourselves we must face the stern reality of England on shorter rations than she has been for over a hundred years, and France with only three days' food reserve. Even from their present small supplies they are saving Italy from collapse through hunger.

Since shipping must be concentrated on the shortest routes, Canada and the United States must continue to be practically the only source of supply. Canada must provide wheat and meat in increasing quantities to meet a situation that imperils the issues of the war.

Men who can be spared for work on the farms must serve in this way. Those who are obliged to remain in the city or town can at least raise vegetables in their gardens or on vacant lots.

Every effort will be made to see that labor is forthcoming to harvest the maximum crops that farmers can produce.

An increased spring acreage in wheat and other grain is vitally needed.

Stock raisers are asked to provide the greatest possible production of meat, especially pork. Starvation is threatening our Allies. Everyone in Canada must fight by doing his or her utmost to produce and to conserve food.

Hear Capt. "Bob" Pearson's story of Canadian Y.M.C.A. work in England and France, Sunday next, at 4 p.m., Methodist Church Auditorium.

The band meets tonight at 8 o'clock in the City Hall for practice. A cordial invitation is extended to newcomers and all who would like to join.

All lovers of Bible study are invited to meet with the United Bible Class on Thursday evening of this week in the Baptist Church. Rev. Brough will give a Bible reading on the subject, "Eternal Life."

T. Eastman's sale on Monday last week was a pronounced success. At her Rogers was the auctioneer. The cows averaged \$75, and the heavy team brought \$300. Mr. Eastman was well pleased with the results.

Prof. S. B. Parker, of Seattle, Wash., was in the city last week. He was visiting his brother, George Parker, of Horn Hill for a few days. Prof. Parker is a man of considerable experience, and content there is nothing like massage as a cure for all the ills the flesh is heir to.

A man named R. L. Brockton, living at Big Prairie, west of Didsbury, pleaded guilty to the charge of using language calculated to injure the reputation of His Majesty's forces on Thursday. He was tried under the War Measures Act by Inspector Lindsay. The case was handled by the Mounted Police, and the man was allowed out on suspended sentence, and was given a severe lecture for having too free a tongue.

The Vegreville Observer notes in a recent issue that A. S. Maxwell, manager of the Merchant's Bank, had been elected President of the Red Deer Board of Trade for the current year. Mr. Maxwell, the Observer states, is no novice at the job, for he at one time was president of the local board of trade, which, during his term of office, was something of a live wire. He will keep the Red Deer board stepping along during 1918.

A birthday party was held on Tuesday, April 9th, in the Baptist Church. The pastor, Rev. Brough, has carried out the custom during his pastorate, of inviting the Sunday school to his birthday party for the purpose of increasing acquaintance with the boys and girls. The provisions were tastefully arranged by Mrs. C. Strickland and Mrs. H. Kingzett, and a large number of boys and girls sat down to enjoy them. Much to the surprise of the pastor, he was presented with a gift of money from the scholars of the Sunday school.

The Edmonton Journal had the following in Saturday's issue relating to a lady who was formerly a popular teacher of the ladies' college at Red Deer: "Mrs. N. C. Willson, nee Miss Myrtle Bragg, received Thursday for the first time since her marriage, many visitors availing themselves of the opportunity to pay their respects to the bride in her new home. Madame Duggan received with Mrs. Willson, Little Marion Keith opened the door, and Miss Bowler conducted the guests from the reception room to the tea room. Daffodils were the decoration throughout the house and on the tea table. Mrs. Keith poured tea for the first hour, and Mrs. Mafr cut the loaves. For the second hour Miss Cowan poured tea and Miss Margaret Miller assisted. Assistants were Miss Helena Keith, Miss Florence Plimling, Miss Lela Hart, Miss Pearl Thygesen and Miss Ethel Hay."

L.O.L. 1625 meets on Monday evening, April 22nd, at 8 o'clock sharp.

Services will be conducted in the Salvation Army on Sunday next at 3 and 7.30 p.m. Sunday school at 11 a.m. Adjutant Bryenton, of Edmonton will be in charge of these services.

Two and a half hours amusement at the Lyric tonight. The Scott family of entertainers in a program of English and Irish songs and dances, and a Blue Bird picture feature. \$15 to night.

The management committee of the Parish Hall have been successful in securing Miss Tyler, of Calgary, to provide the music for their dance on Friday night. A splendid time is anticipated. Come and enjoy yourself.

The regular meeting of the Sons of England will be held at the residence of Mr. J. Hainstall, 5th St. N., on Thursday evening. All members are asked to make a special effort to attend, as business of an important character will come before the meeting.

The revival is continuing this week in the Nazareth Church with Mrs. Mary T. O'Connell, of Calgary, as evangelist, and Miss Miller, Carstairs, assisting. Everyone is invited to attend each service. Don't fail to hear the lady evangelist while she is in the city.

Dr. J. B. Long, formerly of Calgary, having purchased Dr. W. H. Fletcher's practice here, has begun operations in Red Deer. Dr. Long is an honor graduate of the Royal College of Dental Surgeons of Ontario, University of Toronto, and will be pleased to meet all his predecessor's clientele at the old location.

The Salvation Army has been asked to locate one by the name of Thomas Moore, who was known to be living near Didsbury, Alta., about four years ago, and was then farming. Anyone knowing his whereabouts will be kindly communicate with the local Salvation Army office, or Major Sims, Salvation Army Territorial Headquarters, Winnipeg.

All boys and girls of the Presbyterian Church are reminded that the morning worship next Sunday is their service to which they invite their fathers and mothers. All Sunday school scholars are to meet with their teachers in the Hall of the Church at 10.45 o'clock. A children's choir will lead the service of praise. At the evening worship the studies in Bible prophecy will be continued, the subject being, "The War of Armageddon." Sabbath school and bible class at 3 p.m.

A meeting of the Child Welfare Committee was held in Red Deer on the afternoon of April 15th. There was a fairly good representation present, including one member from the City Council. Particulars will be announced later, of the highly progressive measures which were adopted by the committee in view of the forthcoming Institute and contest. The age limit for a baby entering the contest was placed at two years. This is the first organized campaign which has been undertaken in Red Deer for the conservation of the human race. It is hoped that the contest will awaken a great amount of interest throughout the district.

AGRICULTURAL SOCIETY

Preparing for Summer Fair—Boys' and Girls' Work

At the monthly meeting of the directors of the Red Deer Agricultural Society on Saturday afternoon in the Secretary's office, there were present Mr. Galbraith, President, in the chair; Messrs. McKinnon, Kenny, Olsen, McPherson, Cook, Whitehouse, D. Bower, Brown, Walde, Smith, and the Secretary.

The Canadian Ayrshire breeders had voted \$50 in prizes for the Red Deer show, the Hereford breeders \$35, the Brown Swiss Cattle Association asked to have prizes offered for this dairy breed. O. H. Patrick, Calgary, asked for classes in Karkule and Persian sheep.

The directors discussed the question of forming Pig Clubs for boys and girls of the district, and it was decided that the Agricultural Society take on the work that Mr. Whitehouse's kindly offer to take charge of this department be accepted, and that he be appointed General Organizer for this work in this district.

Basis of Prizes for Fair
Correspondence was submitted from the Live Stock branch, Dominion Department of Agriculture, Ottawa, showing that the Dominion grants to fairs, and been reduced 25 per cent and that Red Deer was not eligible to participate in the 1918 grant, because its prize list was out in utility classes did not reach the Government requirement of \$4,500. The Red Deer fair did not receive the Government announcement of change of scale from \$5,000 to \$4,500 until the prize list of 1917 was printed and then it was too late to add an adequate amount of prize money: \$4,500 was added out last year. After considerable discussion as to whether it was wise to go on with the Fair, the almost unanimous opinion being that the holding of the Fair was wise and practicable even without the Dominion government grant, it was agreed that the President and the Secretary be instructed to keep up their efforts to induce the Dominion government to continue the grant for 1918, and that the various committees on prize list proceed at once to draw up a prize list for holding a War-Time fair with special emphasis on local and utility classes with a view to paying out not less than \$4,000 and not more than \$4,500 in prizes, from October 1st to December 31st, and that the directors meet on Tuesday evening, April 16, to receive reports on the prize list. The President, Mr. Kenny and Sheriff McPherson were appointed to draft an estimate of amounts to be expended in each department and a budget of expenditure for the year on the basis of a \$4,000-\$4,500 prize list.

"S. O. S."

The Soldiers of the Soil movement is showing up nicely in its progress. Through this organization, perhaps a couple of thousand boys between 15 and 19 years of age will undertake to render at least 3 months faithful service on Alberta farms this season, specially during wheat and harvest.

H. F. Kenny, your superintendent for practically all of central Alberta, is making preparation now for the supervision work that is so essential to the complete success of the scheme. Any farmer wishing to secure the help of a good husky boy sometime during the season is asked to file his application now, so that assignments can be made well in advance.

Farmers will be required to pay the boys as they work on a farm, give them plenty to eat, and make the living conditions as congenial as possible for them.
